3rd Party Vendor Consultants Policy

The Autism Society of Minnesota (AuSM) receives multiple partnership/fundraising requests from third party vendor consultants. While we are grateful that third party consultants are spreading autism awareness and possibly sharing some of the profits with AuSM, AuSM's policy for third party vendors is as follows:

AuSM cannot promote third party vendor consultant projects/fundraisers. If a third party consultant is interested in holding a fundraiser for AuSM, though AuSM cannot promote the fundraiser, AuSM will publicly thank the business/third party consultant through AuSM's social media channels and the AuSM website after receipt of the fundraiser donation.
