

# I'm going to Steps of Hope for Autism in Minnesota 2018!

## Social Narrative

On Sunday morning we are going to the Steps of Hope walk! The walk is inside Southdale Center. Southdale is a big building and it will be noisy and busy inside. I will see lots of fun stuff. There will be lots of people .

We will check in at the registration table. We might have to wait in a line. Other people will be waiting in line, too.

I can turn in the donations I collected at the registration table. I will get a paper called a passport. I will take the passport with me when I visit the resource tables during the walk.

Next we will go down to the first floor near the stage. It will be busy, so we need to stay together.

If we signed up to be in the AuSM Flash Dash, I will be ready to line up before it starts at 9 a.m. Someone will tell us when it is time to start the AuSM Flash Dash. I will follow the route, walking carefully from start to finish.

I will receive an awesome medal when I cross the finish line. Once the AuSM Flash Dash ends, we will go upstairs to see the autism resource tables and participate in fun activities.

Some of the tables will be listed on the passport I got at registration. They will stamp my passport if I show it to them. If I get all of the stamps listed on the passport, I will get a prize at the AuSM table near the stage on the first floor.

There will be lots to see and do at the walk. I will see superheroes and princesses. We can say hello and ask to take pictures. At other tables, I can wait my turn to get my face painted or ask for a balloon animal.

The resource fair ends a 10:30 a.m. We will go to the stage on the first floor for a short show. When the stage show ends, Steps of Hope is over. We might head home or we might hang out at Southdale Center for a little while.

Steps of Hope was lots of fun!
