

AuSM is serious about doing everything we can to provide a welcoming, accessible environment for all attendees. This is a general overview of the accessibility and inclusion services and facilities offered at the conference.

Unfortunately, we cannot make every aspect of the event barrier-free. We are limited by finances, logistics, facilities, and staffing. If you have any questions, please contact Zephyr James at [zjames@ausm.org](mailto:zjames@ausm.org). Please send accommodation requests by April 12.
