Join our program
on school-home
communication for
educators and
families of children
with autism!

ARE YOU THE PARENT OF A CHILD WITH AUTISM
BETWEEN THE AGES OF 3-21? DO YOU AND
YOUR CHILD'S TEACHER WANT TO IMPROVE
YOUR COMMUNICATION WITH ONE ANOTHER?

IF SO, YOU MAY BE ELIGIBLE FOR THIS STUDY!

This study aims to test if the School-Home Alliance for Relationship Enhancement (SHARE) program helps to improve communication between schools and families of children with autism. Activities will include completing surveys, participating in virtual learning sessions with role-playing and discussions, and the development of a communication action plan. The total amount of time expected for participating in the study throughout the course of six weeks is approximately 4 hours.
