

# AUTISM RESEARCH PARTICIPANTS NEEDED!

**Are you an autistic person/person with autism who has had psychotherapy or mental health counseling as an adult?**

We are looking for participants to complete an anonymous survey about how mental health clinicians can make sessions better for autistic adults/adults with autism.

## **You may qualify if you:**

- Are at least 18 years old
- Self-identify as autistic/a person with autism or have a formal autism diagnosis
- Have received mental health services as an adult
- Live in the United States

## **Benefits:**

- A chance to **win one of ten \$5 Amazon e-gift cards**
- A summary of study results upon project completion
- Having contributed valuable opinions to help improve mental health services

**To participate, scan this QR code:**
