

PARTICIPANTS NEEDED!

DO YOU HAVE OR KNOW A CHILD WITH AUTISM?

WHO ARE WE?

- RADAR is a participatory research project at the University of Minnesota. This means we're a group of autistic researchers from academic and non-academic backgrounds.

<https://innovation.umn.edu/radar>

COMPENSATION

\$5 gift card for survey completion

<https://redcap.ahc.umn.edu/redcap/surveys/?s=AF8P84D9789M4A3A>

- We're interested in autistic perceptions and experiences of **stimming** in teenagers, including how **stimming** relates to age, race, assigned sex at birth, and age of diagnosis. The study includes a brief 15 minute online questionnaire.

PARTICIPANT QUALIFICATIONS

Age 13-17 ←

ASD diagnosis or self-identify as autistic ←

Ability to provide responses to the survey, with or without help; parents/guardians/support people, please do not fill this out on behalf of someone else ←
